

Autoclave broken? Making funny noises? Here's what to do:

1.

Call Getinge (**1-800-660-1687**) to report the problem and provide them the serial number.

- Autoclave Serial Number:
- Boiler Serial Number:

2.

Email the Biosafety Office (**biosafety@ehs.gatech.edu**) indicating: the unit location, the problem, when you notified Getinge and if they have returned your call.

3.

Post the **Out of Service** sign indicating when you called Getinge to prevent the continued use of a broken autoclave.

Tips & Tricks...

Biohazard waste from BSL-1 and BSL-2 labs may be disposed of directly into EHS-supplied Biohazard Waste Boxes lined with red biohazard bags. If your lab needs to autoclave waste, be sure to:

- Use a tray to contain your waste
- Use autoclavable biohazard bags

This Autoclave is In Service

NOTE: Flip this card over to use it
as an **Out of Service** tag
